

Welcome to this time of prayer for our community and beyond! We will begin with a brief time of musical worship, then be led in Scripture and prayers by various community ministry leaders focusing on the need for physical rain, the need for the rain of God's Spirit upon us, the needs of the healthcare system, and the need for wise and effective government leaders. Then we will move into smaller zoom room groups for continuing prayers to end our time together. Thank you for joining us!

Pastor Al Schaap

We are grateful for your participation in this important community corporate prayer night. To help maximize your time in prayer with Father God, we have included some information on how we will be spending the next hour together. We hope this will clarify how you can directly participate in this event from whatever platform you are using. No matter your level of understanding of Zoom, we are confident you will be able to navigate this safe method to have a personal interaction with other Community Prayer participants and most importantly, the Savior of the world, Jesus.

Our event will begin with all participants together from Zoom and Facebook Live being led in prayer by Community leaders. Our leaders will be spotlighted; we will only be seeing their tiles, not the entire gallery. After this time of prayer, the host will dismiss the gallery into "*Small Group Prayer Breakout Rooms*". Each of these rooms will have an assigned host to start introductions and prayer. Breakout Rooms will allow participants to pray in a smaller, less imposing environment. Through this, our hope is that God will hear and honor our prayers in both the large community and small group setting as we lift up the Merced area in prayer. The small group host will lead prayer topics and offer time for all the other participants in the room to pray corporately. There is no requirement to pray and we have included prayer room tips to help guide prayer.

We encourage you to create your own FB Live Watch Party or create your own Small Group Prayer Breakout in your homes with your family. There will be a Small group prayer room on Facebook live after the main prayer to lead prayer with you.

Merced's Community Prayer Team
